

SUBJECT: Remanufactured High-Pressure Fuel Pump (HPFP) - Pump Only

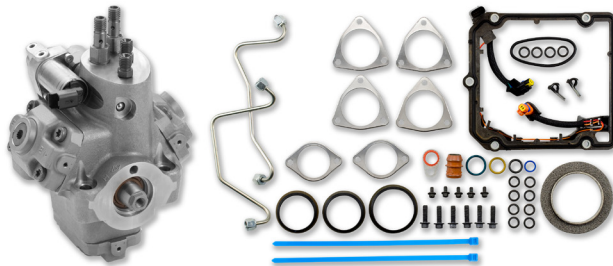

Alliant Power is pleased to announce the release of **AP63645** Remanufactured High-Pressure Fuel Pump for the Ford® 6.4L Power Stroke® application listed in the table below. This part number contains the fuel pump only and does not include necessary parts for installation. The OEM currently sells this pump only with no installation components.

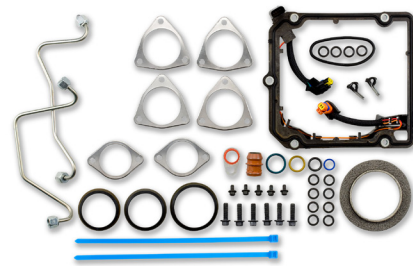

AP63645 HPFP
(pump only)

EXCLUSIVEKITS

Alliant Power EXCLUSIVEKITS **AP63643** and **AP0071** are also available for this application. These kits are not available from the OEM and include all necessary components in a single part number. AP0071 High-Pressure Fuel Pump (HPFP) Installation Kit includes all necessary parts to install the pump. AP63643 High-Pressure Fuel Pump (HPFP) Kit includes AP63645 HPFP and AP0071 HPFP Installation Kit. Purchasing AP63643 HPFP Kit provides a bundled discount versus purchasing the pump and installation kit separately.

AP63643 HPFP Kit

AP0071 HPFP Installation Kit

All new products are backed with Alliant Power's 24-month, unlimited mileage warranty, as well as Alliant Power's technical support.
