

NPA 12/11

SUBJECT: AP63458 1998–2004 Dodge® 5.9 L ISB APPS Sensor

November 14, 2011

Alliant Power is pleased to announce the availability of the **AP63458** Accelerator Pedal Position Sensor (APPS) for use on the 1998–2003 Dodge 5.9 L ISB with VP44 fuel system and the 2003–2004 Dodge 5.9 L ISB with Common Rail (CR) fuel system. This sensor will work on both the automatic and manual transmission equipped vehicles. Installation, adjustment and calibration procedures are included with the sensor.

Note: AP63458 is the sensor ONLY. The bracket and lever are NOT included. **AP63427** and **AP63428** are still available if replacement of the complete assembly is required.

AP PART NUMBER	YEAR RANGE	APPLICATION	OEM PART NUMBER
AP63458	1998–2003	5.9 L ISB with VP44	N/A
	2003–2004	5.9 L ISB with CR
