

# NPA 63/15

## SUBJECT: 4.5L and 6.8L John Deere® Injector Installation Kits November 3, 2015

Alliant Power is pleased to announce the release of **AP0123** through **AP0126** Injector Installation Kits. These exclusive Alliant Power kits include all the necessary seals and hardware to reseal one injector. These components are one time use only and must be replaced anytime an injector is re-installed.
