

APTB 06/16

SUBJECT: WiTech Supported Vehicles

April 26, 2016

The following table shows the Chrysler®, Dodge®, and Jeep® vehicle models that are supported by the WiTech software. The vehicles shown in this table are not supported by the DRB 3 or DRB 3 Emulator diagnostic tools and require the use of the WiTech system. The DRB 3 Emulator is available separately as an add-on package, part number [AP0111](#).
