

Alliant Power Diesel Fuel Treatments

Three chemically advanced formulations that provide superior fuel system protection and help restore engine performance

- ▶ **ULTRAGUARD®** multi-functional fuel system protection for all-seasons
- ▶ **LUBRIGUARD®** highly concentrated lubricant with cetane improver for warm environments
- ▶ **WINTERGUARD®** improved cold starting and anti-gel protection for cold environments
- ▶ Available through an extensive network of over 500 diesel vehicle experts

ULTRAGUARD is our all-season, multi-functional diesel fuel treatment that is designed to improve base fuel quality providing superior fuel system protection under all operating conditions.

- ▶ Restores engine power & torque
- ▶ Improves fuel economy
- ▶ Cleans & lubricates
- ▶ Increases cetane for improved engine combustion
- ▶ Removes water by demulsification
- ▶ Protects against rust & corrosion
- ▶ Eliminates stiction in CR injectors
- ▶ Provides anti-gel protection

LUBRIGUARD is our highly concentrated lubricating diesel fuel treatment with cetane improver that has been developed using a unique combination of additives designed to supplement dry fuels that are known to cause premature wear of the fuel system.

- ▶ Lubricates fuel system reducing friction & wear
- ▶ Restores engine power & torque
- ▶ Increases cetane for improved engine combustion
- ▶ Cleans injector deposits

WINTERGUARD is our cold weather diesel fuel treatment designed to prevent common diesel fuel issues relating to extreme cold temperatures providing improved cold starting and cold weather engine performance.

- ▶ Provides anti-gel protection
- ▶ Prevents ice formation in fuel
- ▶ Improves diesel pour point by up to 40°F/22°C
- ▶ Improves fuel filter plug point by up to 40°F/22°C
