Alliant Power Diagnostic Tools

- Genuine OEM Diagnostic Hardware, Software, and Licensing
- 12 Part Numbers to Match Your Diagnostic Needs
- Two Fully Rugged Computer Options Offering Superior Performance and Durability
- First Year Software License(s) Included
- Annual Software License Renewals also Available Separately
- Complete Coverage of Ford®, GM®, Chrysler®, Dodge®, and Jeep® Vehicles

Alliant Power Diagnostic Tool Program:

Alliant Power is pleased to offer 12 OEM diagnostic tool packages. These packages range from individual OEM diagnostic hardware and software kits up to complete diagnostic tool kits covering all Ford, GM, Chrysler, Dodge, and Jeep applications with your choice of two fully rugged computers.

Fully Rugged Computer Options:

Panasonic® Toughpad®/Toughbook® computers are engineered to withstand drops, spills, dust, and grime, making these perfect for the automotive repair shop environment. Alliant Power is pleased to offer your choice of two custom computer options to fit your diagnostic needs.

Panasonic FZ–G1 Toughpad

- Lightweight & Fully Rugged Tablet
- 10.1" HD Display
- Daylight–viewable 1920 x 1200 Touch Screen
- Ultra–Fast Intel® i5 Processor

Panasonic CF–19 Toughbook

- Fully Rugged Convertible Laptop/Tablet
- 10.1" HD Display
- Daylight–viewable 1024 x 768 Touch Screen
- Intel® Core 2 Duo Processor

Additional Computer Features:

- Custom three partitioned hard drive allows dedicated drive for up to three diagnostic software programs
- 128 GB Solid State Drive (SSD) for superior durability
- Genuine Windows® 7 Professional
- Certified Panasonic refurbished computers
- Two year warranty

Two Year Warranty:

All refurbished computers are restored to their original performance. Each unit is fully tested after the refurbishing process is complete. The operating system and firmware are updated to latest factory version and are certified with a two year warranty.

Diagnostic Hardware, Software, and Licensing:

- Original Equipment diagnostic hardware, software, and licensing
- 13–month warranty on OEM hardware

Diagnostic Tool Registration:
Alliant Power Diagnostic Tools require registration in order to activate the software. Please review **APTB 15/15** available at alliantpower.com for registration information.
